

AirSmartHome

Healthy homes: healthy families!

In Aotearoa New Zealand, a pandemic of cold, damp, and unhealthy homes is taking its toll on the health of our families.

The spaces where we live and play are making us sick – but with AirSmartHome, we're fighting back! We teamed up with the brilliant minds at He Kainga Oranga to develop a solution that shines a light on the issue.

With AirSmartHome, you're not just protecting your family's health – you're taking control of your indoor environment and creating a home that's safe, comfortable, and nurturing.

Features

- Large, high-res colour display
 - Real-time data for temperature and humidity
 - Heatpump and ventilation feedback
 - WiFi connectivity, no ongoing costs
 - Mobile app for data access anywhere
 - Web portal with reporting
 - Customisable notifications
 - Easy data sharing with friends, family and healthcare providers
 - Lowest cost.
-

Benefits

- A warmer home brings a range of health benefits for you and your family. By tracking the temperature and humidity levels, you can prevent the growth of harmful mold and bacteria
- Alleviate allergies and respiratory issues
- Promote better sleep quality
- Provides peace of mind knowing you're breathing cleaner air.
